### US 113 at SR 18/SR 404 Grade Separated Intersection

#### Public Workshop: February 27, 2018

The Delaware Department of Transportation (DelDOT) is seeking public input on proposed alternatives for the grade separation of US 113 at SR 18/SR 404 in Georgetown, Sussex County. The proposed project was identified to address transportation needs in the US 113 Corridor Improvement Plan.

The signalized intersection at US 113 and SR 18/SR 404 experiences a failing level of service (LOS) during peak hours with the worst traffic congestion occurring in the summer months. Recent and proposed development in the surrounding area and throughout the US 113 Corridor will continue to increase traffic volumes and congestion at the intersection.

The purpose of this project is to preserve mobility for local residents and businesses while providing highway improvements that reduce congestion, decrease frequency and severity of accidents, and accommodate anticipated growth in local, seasonal, and through traffic. The needs of the US 113 Corridor Improvement Plan in the Georgetown Area are: (1) meeting the growing traffic demand created by existing and future development; (2) addressing safety issues; (3) preserving a transportation corridor; (4) considering modal interrelationships; and (5) maintaining consistency with state and local plans for transportation systems.

The public workshop will be conducted on February 27, 2018 at the Delaware Technical Community College located at:

**Delaware Tech, Owens Campus  
Student Services Center Building - Dining Hall  
21179 College Drive  
Georgetown, DE 19947  
4:00 PM to 7:00 PM**

Public parking is available on campus for all attendees. If the public workshop is cancelled due to inclement weather, the weather date will be March 5, 2018. Members of the project team will be on hand to explain the information presented and answer questions. Comment forms will be provided. Comments may be submitted at the workshop, via the DelDOT website or written comments may be sent to DelDOT Community Relations, P.O. Box 778, Dover, DE 19903. The comment deadline will be March 30, 2018. This workshop location is accessible to persons having disabilities. Any person having special needs or requiring special aid, such as an interpreter for the hearing impaired, is requested to contact DelDOT by phone or mail one week in advance.
